Marshall HS Questia Instructions
Login

Every student at Marshall HS now has their own login to Questia.

- https://www.questiaschool.com/
- Username: id#@fcpsschools.net, your school email address
- If you need the password, refer to your GCM Library course on Blackboard.

Creating a new project

- Select Projects from the menu.

- Select

- Name the project, make it your currently active project and save.

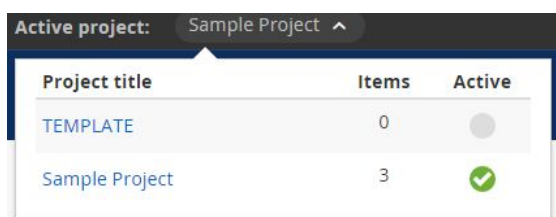

Adding resources to your project

- Begin your research by selecting the search box next to the menu.

- As you find information of value, add it to your project

- When reading a full document, you can make notes, highlight text, and add citations. They will be saved to your project.

- To see contents in project folder, select from drop down menu on top left of screen.

Marshall HS Questia Instructions

- From project folder contents, select items to move, copy or delete or create a bibliography from them.

Creating a bibliography

- Select the item(s) to create a bibliography from and select the format. The bibliography will be created on the screen. You may save it to your project, copy and paste to a separate document, or export to MS Word. Follow the links on the screen.

Deleting projects

- When your research is completed, go back to projects page by selecting Back to all projects

- From here you can delete project.
